**COMPETITIVE
RACING & FLIGHT**

**DRONE RACING
REGIONALS**

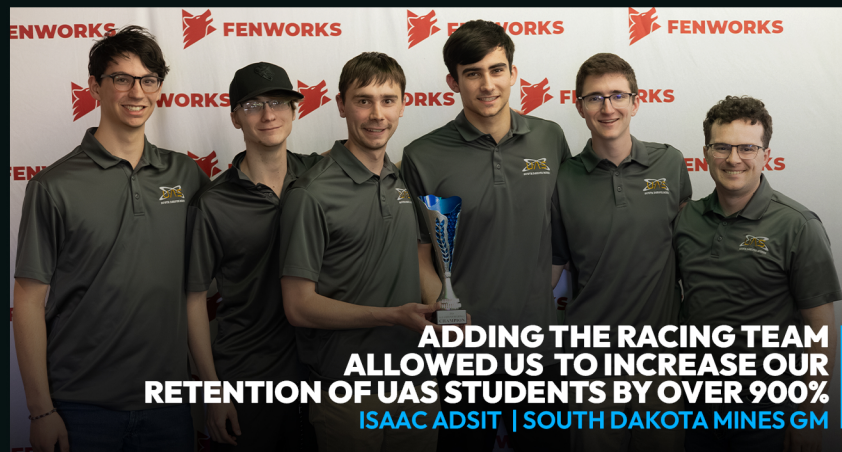

**SOLO + TEAM
DIVISIONS**

**CAREER
PATHWAYS**

WHAT IS DRONE RACING?

Drone racing is a high-energy sport where students apply critical STEM concepts through competitive flight. Combining speed with technical skill, Drone Racing drives student engagement while opening direct pathways to local UAS industry careers.

**ADDING THE RACING TEAM
ALLOWED US TO INCREASE OUR
RETENTION OF UAS STUDENTS BY OVER 900%**

WHY JOIN?

Competitive Edge | Students race through a full Fenworks season, filling out their resumes with high-speed, hands-on experience that stands out.

Teamwork & Competition | Students collaborate, compete, and push each other to grow through a structured season that builds toward the Drone Racing Regionals.

Innovation In Education | Students gain hands-on experience in robotics, electronics, and systems engineering that builds their resumes for UAS and tech careers.

HOW TO GET INVOLVED

For more information about the program visit Fenworks.com or email us at drones@fenworks.com.
