

GENERAL MANAGER GUIDE

FENWORKS SIM-GOLF GENERAL MANAGER GUIDE

Get your players' Simulator Golf Tour accounts created and linked to GSPro so every weekly round reports.

WHAT IS SIMULATOR GOLF TOUR (SGT)?

SGT is our data tracking system and all competitors are required to create their **free** account to compete in Fenworks' sim golf leagues. Things such as standings, real-time round statistics, closest-to-the-pin challenges, etc. can all be found here in one location.

WHAT IS GSPro?

GSPro is a software on the computer linked to your golf simulator device (i.e. Garmin, Foresight, FlightScope, etc.). Your simulator device (Garmin, Foresight, FlightScope, etc.) is the equipment you use to play on, while GSPro is the software "experience" you get when playing on your simulator device.

WHY IS IT IMPORTANT TO LINK SGT TO GSPro?

Each week competitors will complete their weekly round through GSPro with their scorecard from the week and stats tracked through SGT automatically. If the two accounts aren't properly linked, **no score will be reported** for that student. When linked, a student can jump right into GSPro and play their weekly round in less than a few clicks with nothing to do or report after their round is completed.

01 RECEIVING YOUR INVITATION LINK AND CREATING PLAYER ACCOUNTS

1. During your onboarding, you will be given the Fenworks Simulator Golf Tour (SGT) invitation link for players to create their accounts for competition.
 - This link can be shared with players via email or another communication method chosen by you as their general manager.
 - If you do not have the Fenworks SGT player invite link, or need it again, please contact **Jayson@fenworks.com**
2. Each player will need to create their own SGT account, and the steps for that are as follows, after they receive the invitation link from you.
 - Assist them as needed during the account creation process below.

02 THE STUDENT ACCOUNT CREATION PROCESS

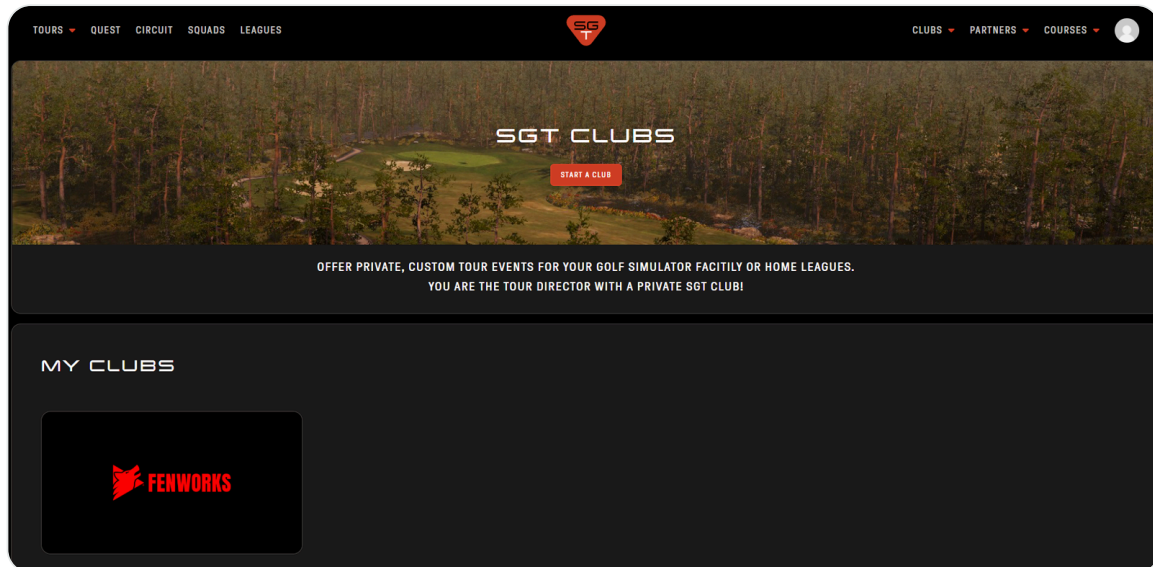

1. The General Manager will send an invitation link for players to register on the Simulator Golf Tour (SGT) website.
 - Via email or another preferred communication tool.
2. After a student clicks the link to accept their invite, they will be prompted to create and register their **free** account. Students need to be sure to **remember the email and password** they use to register.

REQUIRED Each player competing in the Fenworks Sim Golf League **MUST** register with their **school email** and have their **school's name in their username**.

3. Students have successfully created their SGT account and are registered into the Fenworks Club when you see *"Your account has been created successfully"* after clicking the orange **register** button. (See image below)

The image displays two screenshots of the SGT registration process. The left screenshot shows the registration form with fields for USERNAME, EMAIL, CONFIRM EMAIL, PASSWORD, and CONFIRM PASSWORD, and a REGISTER button. The right screenshot shows the confirmation screen with the message "Your account has been created successfully." and a REGISTER button. Red arrows point to the REGISTER button in both screenshots.

4. Have the student login with their credentials used from the account creation page.
5. When logged into their SGT account, students should hover over the **"Clubs"** tab on the top navigation bar.
6. Click the **"My Clubs"** button underneath the **"Clubs"** tab.
 - Here, a registered student will be able to view any clubs they're registered to. They registered for the Fenworks club when creating their profile and can view that in the example below.

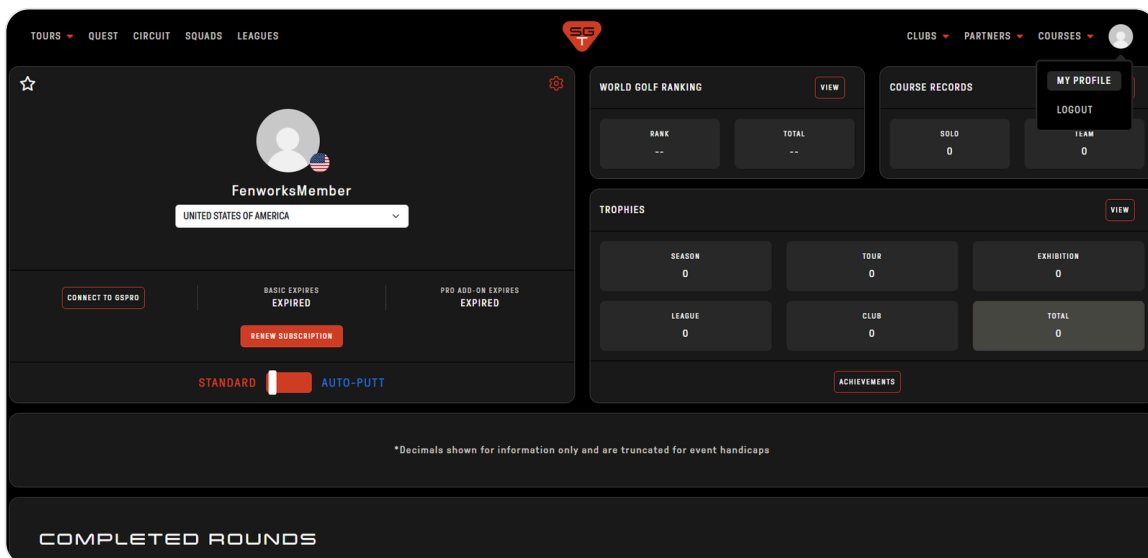

7. For a student to view the tournaments/leagues they're registered for within the Fenworks Club, they can click on the **Fenworks image** underneath the **"My Clubs"** heading.
 - All past and ongoing tournaments they've participated in can be found here.
 - Stats, standings, scorecards, and more information from each event are saved here and can be found at a later time.

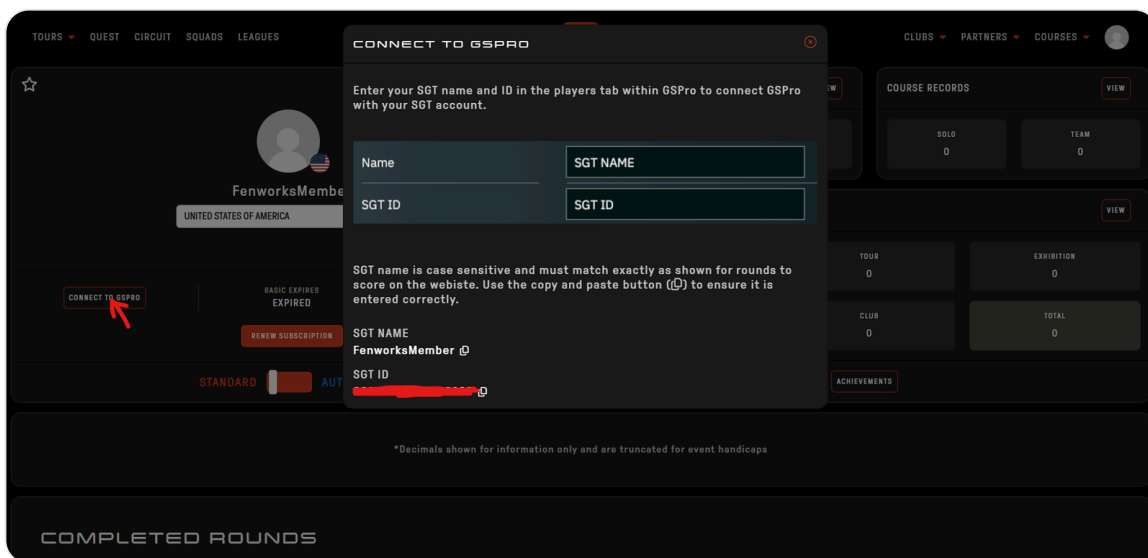

03 CONNECTING A STUDENT SGT ACCOUNT TO GSPro

Now that your students have created their SGT account and are registered for their season tournaments, let's connect their SGT account to GSPro. You may need to assist your students during the next steps.

1. When a student is logged into their SGT account, they'll need to navigate to their profile page by clicking on their **profile image** in the top right corner of the screen.

2. On their profile page, click the **"Connect to GSPro"** button. The screen should look like *the image example below*.
 - Disregard expired subscriptions shown on the profile page; no subscriptions are required to compete in the Fenworks Sim Golf Leagues.

3. In the bottom left corner of the pop-up box, a student will find their **SGT Name** and **SGT ID**. Copy and Paste that information into GSPro by going into the **Players** tab when also logged into the program's GSPro account (see example below).

EXACT MATCH SGT usernames must be entered **exactly as displayed, including capitalization**, for scores to be reported correctly from GSPro to SGT.

SETTINGS

RMSANGER_TEST2

PLAYERS

INFORMATION **GOLF BAG**

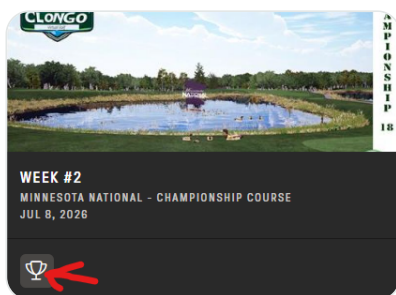

PLAYER NAME

rmsanger_test2

SIMULATOR GOLF TOUR ID

50557268226527880

4. After completing the previous step by entering the SGT username and ID in the **Players** tab of GSPro, head back to the main menu of GSPro.
5. Select the **SIM GOLF TOURNAMENTS** and choose the player created from the dropdown menu. Download the course if required, otherwise click **PLAY** to start!
6. Verify shot and score data are being passed correctly from GSPro to SGT by going to the SGT website **after one hole**. In the active tours within the Fenworks club (refer to the section above to find), they can click the **trophy** for that week of competition.

POS	PLAYER	SCORECARD	HO 1	HO 2	TOT
1	BANDSADGER	SCORECARD	-13	-5	-18
2	JTWALSHD	SCORECARD	-12	-1	-13
3	KFCENG	SCORECARD	-11		-11
4	GINGANINGAT7	SCORECARD	-10	-1 (1)	-11
5	JAYMEBRISTOWS	SCORECARD	-10		-10
6	BRELLZOLF	SCORECARD	-8		-8
7	TONYFRANS	SCORECARD	-7	8 (1)	-7
8	MATTWOOLES	SCORECARD	-6		-7
9	JANETLER	SCORECARD	-6		-6
10	LURENWEET	SCORECARD	-6		-6
11	WILESDIG	SCORECARD	-5		-5
12	KEEMART	SCORECARD	-3	-2	-5

CONFIRMING THE SETUP

If the username and ID are submitted properly, their username will be displayed on the leaderboard with their score through hole 1. If they're not listed, they either did not have an internet connection or did not enter their username and/or ID **exactly as displayed** on their SGT profile page.

If problems persist, have your general manager contact Fenworks staff.

04 COMPETING IN WEEKLY COMPETITION

1. After accounts for competitors are created following the steps above, there's nothing else they need to do other than **show up and play**.
2. Each week competitors:
 - a. Go into GSPro on the computer connected to the simulator device
 - b. Select **SIM GOLF TOURNAMENTS**
 - c. Find their account in the list of names in the dropdown
 - d. Click **PLAY** to begin the round for that week
 - e. Once the round is completed, they're done for that week. Everything is **automatically uploaded into SGT**.
